

## W4

## Pure Coffee automatic machine in a compact business format

### Benefits at a glance

- Pure-coffee-expertise thanks to the Professional Aroma Grinder and three different brewing processes
- User-friendly on both sides: for coffee lovers on the one hand and for operators on the other
- Supports Pocket Pilot and other payment methods thanks to MDB standard
- Clear, timeless design for any environment

### Recommended accessories

- Payment Connect
- Wi-Fi Connect
- JURA Pocket Pilot 2.0
- MDB Interface 2.0
- MDB Connect
- Cup warmer with accessory drawer W-Line

### Areas of use

- Offices
- Factories and workshops
- Stores
- Business premises
- Studios

Recommended maximum daily output: 50 cups

Compact and with all the comfort you could wish for in a business environment: the W4 is a robust, professional pure coffee automatic coffee machine that is extremely user-friendly. The W4's modern technology includes the Professional Aroma Grinder (P.A.G.2). From the very first cup, it grinds with precision and gives black coffee specialties the desired intensity. The pure coffee expertise is complemented by the Lungo function for extended specialties and the Pulse Extraction Process (P.E.P.®) for intense espressi. The design is based on the functionality and classic elegance of JURA. With a colour display, front-mounted buttons and a switch for hot water preparation, the W4 is extremely user-friendly. Impeccable hygiene at the touch of a button and lockable components ensure easy handling. While the clean lines of the W4 ensure a timeless aesthetic, the programming offers the necessary scope for flexibility. Ground coffee and water quantities, as well as locking options, are variably adjustable. With a 3-litre water tank and a bean container with a holding capacity of 500 g, the W4 is ideal for places where a daily capacity of up to 50 speciality black coffees is required.

W4

## Technical overview

### Specific advantages

Number of specialities	10
Intelligent preheating	■
3D brewing technology	■
Active bean monitoring	■

### JURA coffee machine standards

Pulse Extraction Process (P.E.P.®)	■
Lungo function	■
One-Touch function	■
Variable brewing unit	5 – 16 g
Grinder	P.A.G.2
High-performance pump, 15 bar	1
Thermoblock heating system	1
Fluid systems	1
Powder chute for ground coffee	■

### Operating and programming standards

Compatible with Payment Connect	■
Compatible with MDB Connect	■
Display	3,5" colour display
Programmable amount of water for coffee	■
Programmable coffee strength	10 levels
Programmable brewing temperature	3 levels
Programmable hot water temperature	3 levels
Resettable day counter	■
Shows the number of preparations for each individual product	■

### Hygiene standards

Intelligent Water System (I.W.S.)	■
Filter cartridge	CLARIS Pro Smart+
Lockable bean container and watertank	■
Integrated rinsing, cleaning and descaling programme	■
Monitored drip tray	■
JURA hygiene: TÜV-certified	■

### Energy standards

Energy Save Mode (E.S.M.®)	■
Zero-Energy Switch or power switch	■
Programmable switch-off time	■

### Design and materials

Amber/white cup illumination	■
------------------------------	---

### In figures

Height-adjustable hot-water spout	65 – 111 mm
Water tank capacity	3 l
Bean container holding capacity	500 g
Coffee grounds container (servings)	max. 25
Cable length	ca. 1,1 m
Voltage/Power	230 V~ / 1450 W
Current	10 A
Stand-by power	0,5 W
Weight	10,4 kg
Dimensions (W×H×D)	29,5×44,3×44,6 cm
Article number/Product code	15542/Dark Inox (EA)
